Poster Guideline

1. Your poster title and contents should correspond to the title and content of the abstract you submitted.
2. Your poster must be designed to fit an A1 portrait poster board, and the poster should be printed on materials that can be mounted easily with pushpins.
3. Plan your poster to be structured in a logical sequence, i.e. introduction, study design and methods, results, and conclusions.
4. Posters text and content should be legible from at least 3 feet away, so that they can be viewed by several people at the same time. To ensure visual effectiveness of your poster, use large lettering and a minimum of text.
